

Peppermill Poker Palooza
All Around Player Championship
\$50,000 added Money
Champion receives \$15,000, a Trophy and Medal
November 3-12, 2023
Top 10 AA players will be paid

Players finishing "in the money" in all Palooza events (except satellites and the casino employee event) will receive all-around player points. Players that are cut in on the bubble will not receive AA points. On simultaneous knock outs or chops, the AA points will be determined based on chip stack size. Points will be awarded based on the total number of entries for an event. Players that win an event will receive a 10% point bonus (rounded up). Players that win an event that finishes with a chop will not receive the winners bonus. Positions receive points in 5-point increments. I.e., an event with 200 entries: winner with no chop will receive 200 points plus a 20 pt winner bonus. Second place receives 195, third place receives 190 and so on until all players in the money have been awarded their points.

Players may play multiple tournaments simultaneously; however, players may not slow down the action or run in the tournament area. Players must be able to touch their chair when the last card comes off the deck. Hands will be considered dead for players away from their table. All-Around player standings will be updated and posted daily. The all-around money, trophy and medal will be presented at noon on Monday November 13, 2023.
